GALAXY BUCK: MISSION TO SECTOR 9

Buck Denver has a simple dream - to save the galaxy. Working for the Galactic Mission Board, Buck dreams of carrying God's love to every corner of the Milky Way! Except he doesn't have a star-ship, or a crew, or even a captain's licence. He just needs a chance.

But when that chance comes and Buck finds himself leading a real mission into deep space, things don't go at ALL like he imagined!

If he's doing what God wants him to do, why is everything going wrong?!

From VeggieTales[®] and What's in the Bible?[®] creator Phil Vischer, Galaxy Buck - Mission to Sector 9 is a wild, galactic adventure that teaches children a powerful lesson about trusting God with everything - even our dreams!

GALAXY BUCK: MISSION TO SECTOR 9 is an exciting 40-minute adventure story, using puppetry and state-of-the-art CGI animation. Ideal for children aged 5-11, the DVD will be launched in the UK on 20 October 2015, priced at just £11.99.

This is the first in a new series from the creative genius behind the *Buck Denver Asks...What's in the Bible?*[®] series and adds to the exciting range of dynamic multimedia Bible resources produced by Friends and Heroes - available in the UK at good Christian bookstores or direct from www.friendsandheroes.com/witb
